Attachment B.2

Goals and Objectives:

- Overall PHA Goals:
 - Continue to optimize current and future resources by improving efficiency throughout all programs and systems.
 - Improve functionality and effectiveness of administration by providing periodic reviews of internal controls in order to increase operational competence.
 - Promote the development of all aspects of housing within communities served.
 - Increase training opportunities to leverage all resources available.
- HCV Program Goals:
 - Maintain High Performer status for SEMAP.
 - Continue to expand HCV program to include Project based vouchers by working with local developers.
 - Expand marketing and outreach efforts.
- PH Program Goals:
 - Increase PHAS score to be Standard or High Performer.
 - Enhance overall function, satisfaction, and quality of living for existing Public Housing properties.
 - Submit application for Public Housing Repositioning.
 - Increase occupancy statistics to at least 96% for Public Housing properties.

Attachment B.3

PCCDC Annual Plan 2025-2026

Progress Report - Goals and Objectives:

Maintain Section 8 Management Assessment Program (SEMAP) High Performer Status.

- After a temporary drop to Standard Performer status for fiscal year 2021-2022, the Housing Choice Voucher Team obtained and has maintained High Performer status.

Increase Public Housing Status.

- HUD evaluates a PHA by measuring the PHA's physical condition, financial condition, management operations and Capital Fund obligations and occupancy. A combination of vacancies and the aging projects, contributed to a reduced 2023 Public Housing score. PCCDC has restructured our Maintenance Team in order to best utilize our staff. PCCDC had an inspection in March 2024, which was under the new NSPIRE guidelines. The final score was 91%.

Reduce Public Housing vacancies.

- Since the devastation of the town of Greenville due to the Dixie Fire, which started on July 13, 2021, over 27 % of the tenants in PCCDC's two Public Housing complexes (in Chester and Greenville) vacated with the majority leaving Plumas County.
- Management and Maintenance Staff continue to work diligently to complete turnarounds and lease-up units. Maintenance Staff have pooled their resources and worked together to complete turnarounds. PCCDC has successfully lease-up many displaced families and individuals who lost their residences in the Dixie Fire.

Explore Public Housing "repositioning" options.

- In 2023, PCCDC Executive Committee Members had a series of meetings with a HUD consultant regarding our "Repositioning" options. PCCDC now has plans to pursue "Repositioning".

Solar Options at Public Housing.

- The solar company PCCDC had contracted with to provide solar at the Public Housing properties were unable to fulfill the contract. PCCDC will work to secure services from another company in order to provide solar at the properties.

The following are on-going goals.

- Promote development of affordable HCV rental units.
- Continue to provide quality affordable housing to eligible households.
- Continue to administer all programs in accordance with applicable equal opportunity requirements and to affirmatively further Fair Housing.
- Improve customer service in all programs by providing on-going staff training and customer satisfaction survey forms.

Project Based Vouchers.

PCCDC continues to work with several developers on Project Based Vouchers. Bringing Project Based Vouchers to fruition is a complicated several year process.

On September 9, 2021, PCCDC submitted a request to HUD for approval for Project Based Vouchers prior to issuing an RFP for Project based Vouchers for two projects in Tehama County. That approval was received from HUD.

On October 19, 2021, the PCCDC Governing Board approved the updated Administrative Plan to provide for Project Based Vouchers. Subsequently, one hundred Project Based Vouchers were allocated to two prospective developments in Tehama County.

Since that time, the Planning Director of Plumas County has come before the PCCDC Board of Commissioners to request the Board to allocate forty-five Project Based Vouchers to a potential Plumas County development. In addition, preliminary talks are underway for additional Project Based Vouchers in Tehama County and possibly in Lassen County. Most recently two of the developers with projects in Tehama County have acquired all funding for the projects except for Low Income Housing Tax Credits. Each of these developers has submitted requests to the California Treasurer's Tax Credit Committee. Approval by the Tax Credit Committee will complete funding approval for each of the projects.

The Agency Administrative Plan establishes a goal of developing and providing affordable housing for the eligible persons within our communities.

Project basing one hundred vouchers in Tehama County, as well as Project Based Vouchers for the other three counties for which PCCDC is the housing authority, is very much consistent with the Agency Administrative Plan because of the limited availability of affordable housing within the counties served by PCCDC. We often find that Housing Choice Voucher recipients are unable to utilize their vouchers once they receive them because landlords have their rent set higher than vouchers will support. Therefore, having Project Based Vouchers available will have a very positive impact on the HCV program and will contribute to providing affordable housing within the community.

The allocations of the Project Based Vouchers (PBV) to the two developers, has allowed them to go forward with their finance options, which include state funding. One of the projects has successfully had Planning Commission approval from the city of Red Bluff. Recent communications from one of the Developers of the Tehama County projects indicates that the developer has secured most of the necessary financing and that the developer will be submitting its request in March, 2024, to the California Treasurer's Low Income Housing Tax Credit Committee for 9% tax credits. That developer has received a Multifamily Housing Program award from the State Department of Housing and Community Development and believes that award will put it in the running for a successful application to the LIHTC Committee of the California Treasurer's Office. Tentatively that developer plans to begin construction later in 2025.

Attachment B.4

Violence Against Women Act (VAWA) Goals:

The Violence Against Women Act (VAWA) provides protection for victims of domestic violence, dating violence, sexual assault, or stalking. VAWA protections are not exclusively for women, but are equally available to all individuals regardless of sex, gender identity, or sexual orientation.

Each year, as part of the annual Fair Housing and Reasonable Accommodation training, PCCDC provides Staff training on the VAWA requirements.

PCCDC has the following documents posted at the main Housing Authority's office and off-site manager's offices:

- Notice of Occupancy Rights
- HUD Certification Form
- Emergency Transfer Plan
- HUD Emergency Transfer Certification

These forms, along with the Housing Choice Voucher "Owner Obligation of Rights and Responsibilities," are available on PCCDC's website. Links to the documents allow easy access for individuals and for partner organizations to assist clients with VAWA-type situations.

VAWA information is distributed at:

- Application denial
- New Lease-up
- Termination of Tenancy
- To new Owners and Managers participating in HCV program
